

DINEX WARRANTY FORM INSTRUCTIONS

All fields must be filled out, failure to do so will stall the warranty handling process.

Once this form is complete, please email it to warranty@dinexmission.com.

There are three different warranty forms, please fill out the form that applies to your claim.

WARRANTY FORM, PAGE 2:

This warranty form should only be used for parts that experienced a failure after installation.

NEW DEFECTIVE WARRANTY FORM, PAGE 3:

This warranty form should only be used for parts that are defective out of the box and have not been installed on a vehicle.

NOx SENSOR WARRANTY FORM, PAGES 4 AND 5:

This warranty form should only be used for NOx sensor warranties. All other sensors should be filed under the warranty form on page 2.

PAGE 6 IS FOR OPEN TEXT IF YOU NEED TO PROVIDE ADDITIONAL INFORMATION ON YOUR CLAIM.

Dinex may request that any functional failures are diagnosed at an authorized service center and documentation of results provided.

Please note product will not be returned even if the warranty is denied. Many failures require us to cut open the substrates for evaluation which renders the product unusable.

NEW DEFECTIVE WARRANTY FORM

Dinex Customer Name and Address:		Date:	
		Customer's Reference No.:	
Dinex Customer's Contact Person:		Dinex Customer's Contact Phone Number:
